so popular several seasons ago, are re-

vived in the spring millinery.

CHRYSANTHEMUM

THE EASTER HAT will be For the first time long strings of fruit being worn. And the huge clusters pearls are looped across the front of the off the face. It will be of chrysanthemum will doubtless appear to the uninitiated

It will be in pale shades of to have draped the contents of her jewel 6~ blue, pink and lavender. It will be a flower hat.

The flowers will be small. There will be many of them. The Easter Hat will have streamers.

It will occasionally be trimmed with pearls. It will be an expensive hat. It will be a Beauty.

An Evening World reporter and an Evening World photographer visited the leading milliners and dry-goods stores views of the leading Easter hats and a forecast of the styles which will prevail

Many of the newly imported Parisian confections had not yet been taken from the handboxes in which they had been placed before leaving the capital of fashion when the reporter and photog-millinery, being particularly effective in very flat on the crown. Blue and lay rapher called, so they now make their the "irloorne," or Napoleonic hat first bow to the general public in the columns of The Evening World.

In shape the new spring hats do not widely differ from those which have been worn during the past winter, but in the trimming several new and very peautiful features are introduced.

ALL LARGE AND LOP-SIDED.

all, tilted slightly to one side.

As a rule they have double brims of exquisitely contrasting straws, the upper brim being made sometimes of emproidered batiste or very finely tucked

From the structure of these hats the milliners declare they are positive the low coiffure will not prevail this summer, notwithstanding the fact that many people assert the style is already Certainly judging from the creations shown to The Evening World reorter the off-the-face effect, and consequently the pompadour, still lead in
